entitled "Robin Hood." Rev. Knight

USERS OF COLLEGE WATER

The persons using water from
the College mains are notified that
strict economy must be observed.
There is great danger that the flow
will not be sufficient and that
outside users will have to be limited.
Our first endeavor will be to
see how well we will do if every-
body is conscientious and careful in
use of water. It is believed that
faucets are left open and leaks oc-
cur which could be avoided. Let
each user be careful.

JAM SOCIAL

On Tuesday night, according to the
ancient custom of Berea, the stu-
dents, both old and new, gathered
in the Chapel for the opening social.
Many were the smiles on the faces
of the old students as they met
friends of other days. Home-sick-
ness on the part of new students
disappeared as an unwelcome visi-
tor. Mr. Taylor, who is widely
known for his sunny smile, performed
the duties of master of ceremonies
in a most happy manner. An ex-
temporaneous program was render-
ed by some of Berea's best talent.
Every one departed feeling that
their journey to Berea had been
amply repaid by the first social.

TO PARENTS IN BERE A

Berea College in all of its depart-
ments is overcrowded in the winter.
It has, therefore, been obliged to

make a rule that young people who
live in Berea, if they propose to at-
tend Berea College, must begin in
the fall term. Those who neglect to
attend during the fall term cannot
be allowed to come in the winter,
and crowd out students from a dis-
tance for whom the winter is the
only chance. If young people in
Berea wish to attend the Institution,
let them start in at the beginning of
the fall term.
